

GOT CUSTOMERS ???

We Do.

At American Marketing Group:
"Your business is Our business"

We can increase your business AND save you money doing it

Customized Business-to-Business Program

- ✓ We will make direct personal phone calls to your top existing customers to re-establish contact, update business information, advise them of your current offerings and any other message you want to make.
- ✓ We will make direct personal phone calls to your "local wish list" of prospects who are currently NOT using your services and give them an introduction to your company.
- ✓ EZ Power Tools - You get to use our custom online contact management software program so you can keep in contact with your customers. Perfect for any e-mail campaign. Forget about trying to fit your business into an off-the-shelf software program. This program is customized for your business.

During our hard-hitting B2B program we will contact your existing customers & your "wish list" prospects & provide you with a contact management system & an e-mail campaign system. You are in complete control.
